DOB 2019

DNA THC DSC

DUE DATE ANYDAY, BRED TO 1/2 BLOOD SIMMY BULL

COMMENTS I always feel a person should give thanks when necessary, and at this time I would like to give thanks to Caleb Streitmatter and Todd Kennedy. These two gentlemen extended me the invitation to the 2022 EXCHANGE SALE. In my usual fashion, I got my picture and write-up to Todd the day of printing. They asked if I would offer something pretty special for the cattle division and, after a long deliberation, I came up with 1/2 interest and no possession of a young cow I called WHITEY. I wanted to make a statement and leave an impression with people that I honestly had never done business with, and I feel I accomplished my goal. Whitey quickly became a household name after demanding \$38,500 for half-interest, going to Dustin Glover of Lawton, OK. Fast forward, we intend to make another statement by offering this full sibling to Whitey who we call SUZY Q. This cow is owned in partnership with my friend Larry Serven, and since we are dispersing I asked if we could dissolve this partnership as well. Obviously this cow has been tested, THC DSC, regardless of these results there are a plethora of sires available to raise show steers of the utmost quality in large volume. Or you can be like Larry and throw caution into the wind and use sires like HGTA & HL STANDOUT! I will leave it at this, they are good, no they are better than good, they are PHENOMENAL! Make an investment into one of the most elite cow families in the entire industry March 24TH. She will not disappoint.
